Reception

INFINITUS

Pendant installation:

TR0208W INFINITUS Suspension kit white

TR0208B INFINITUS Suspension kit black

Suspension kits consist of:

2x 5m steelcable

2x steelcable ceiling fixations

2x 60mm internal profile connection pieces

TR0209W INFINITUS Power supply kit white

TR0209B INFINITUS Power supply kit black

Power supply kits consist of:

1x canopy

1x 5m powercable

1x 60mm internal profile connection piece

2x powercable strain relief

Extras:

TR0212 INFINITUS Screw guide

Included with every profile, helps guide the screws inside the profile, during the installation.

TR0214W INFINITUS Safety cover white, 1m

TR0214B INFINITUS Safety cover black, 1m

The safety cover protects the internal monophasic track from external foreign objects and fingers.

Recommended when installing the Infnitus on a wall.

ORBIT ^{NEW}

The ORBIT is a series of lighting fixtures with multi-functional optics and different kinds of profiles.

Available as spotlight and pendant for monophasic tracks, and as wall light and ceiling pendant. Easily switch between 6W and 9W on the LED chip. The base of the ORBIT is always black, choose the correct optic and a corresponding insert, to create a light that suits your needs.

The ORBIT is dimmable, has warm white light 2700K, and a CRI >90.

4 different profiles and optics to choose from:

BIG LENS

The BIG LENS features a large and flat optic, it is a three-quarters spherical accessory with a minimum beam angle of 10°. Optics available in 10°, 20°, 36° and 60°

MINI LENS

The MINI LENS is a spherical accessory with a mini recessed anti-glare reflector. Optics available in 18°, 30°, 42° and 55°. Inserts available in different colours, gold, white, black and specular.

FLOOD LENS

The FLOOD LENS is a spherical accessory providing ambient lighting and flood lighting with a milky white diffuser optic (150°).

DECORATIVE LENS

The DECORATIVE LENS is a spherical accessory featuring flat cylinder optics with anti-glare and a decorative reflector. Optics available in 15°, 24°, 36° and 60°. Inserts available in different colours, gold, white, black and specular.
